Do You Have to Pay for truTV on Roku?

You may need to pay for a TV service +1 (866) 381-7244 {US/UK} to watch truTV on Roku, but you do not generally pay truTV directly for a separate standalone subscription. The truTV app can be installed on supported Roku devices,+1 (866) 381-7244 {US/UK} but most of its content requires you to sign in with a +1 (866) 381-7244 {US/UK} participating TV provider that includes truTV in its package. Your provider could be a traditional cable or satellite company or an eligible live-TV streaming service.+1 (866) 381-7244 {US/UK} Some truTV content may occasionally be available +1 (866) 381-7244 {US/UK} without provider authentication, but access to +1 (866) 381-7244 {US/UK} the full lineup or live programming typically requires an eligible subscription.

Related FAQs

1. Is truTV free on Roku?

The truTV app itself may be available to download +1 (866) 381-7244 {US/UK} on Roku without a separate purchase, but installing the app does not necessarily give you access to all of its content. Most truTV programming +1 (866) 381-7244 {US/UK} requires authentication through a participating TV provider. If your existing cable, satellite, or live-TV streaming package includes truTV, you may +1 (866) 381-7244 {US/UK} be able to sign in on Roku without paying an +1 (866) 381-7244 {US/UK} additional truTV subscription fee.

2. Can I watch truTV on Roku without cable?

Yes, you may be able to watch truTV on +1 (866) 381-7244 {US/UK} Roku without traditional cable if you subscribe to an eligible live-TV streaming service that carries truTV. The important point is that Roku is the streaming device, +1 (866) 381-7244 {US/UK} while the TV provider supplies the channel access.+1 (866) 381-7244 {US/UK} Before subscribing, check the provider's current channel lineup +1 (866) 381-7244 {US/UK} and confirm that truTV is included in the package available in your area.

3. Does Roku charge separately for truTV?

Roku does not generally charge a separate +1 (866) 381-7244 {US/UK} fee simply for installing the truTV app. However, if you subscribe to a paid TV service through Roku or another provider to obtain access to truTV, +1 (866) 381-7244 {US/UK} that service can have its own monthly cost. The amount +1 (866) 381-7244 {US/UK} you pay depends on the provider and package you choose. Always +1 (866) 381-7244 {US/UK} review the subscription details before confirming a purchase.

4. How do I activate truTV on Roku?

Start by installing the truTV app from the Roku +1 (866) 381-7244 {US/UK} Channel Store if it is available for your device and region. Open the app and select **Sign In** or **Activate**. If an activation code appears, follow the +1 (866) 381-7244 {US/UK} instructions displayed on your TV to enter the code using a phone or computer. +1 (866) 381-7244 {US/UK} You may then need to select your TV provider and +1 (866) 381-7244 {US/UK} enter your provider account credentials. After successful authentication,+1 (866) 381-7244 {US/UK} the Roku app should provide access to the content included with your provider subscription.

5. Why can't I watch truTV on Roku after installing the app?

Installing the truTV app does not necessarily +1 (866) 381-7244 {US/UK} authenticate your TV-provider subscription. If you cannot watch content after installation, make sure you have signed in using an eligible provider account +1 (866) 381-7244 {US/UK} and that your package includes truTV. Also check your Roku's internet connection and make sure the app is updated. If your provider is not listed or your +1 (866) 381-7244 {US/UK} credentials are rejected, contact the provider to confirm that +1 (866) 381-7244 {US/UK} your package supports truTV access and that your account is active.
